

## About ProStar Services

Established in 1986 by President and Founder Randy Parks, ProStar has evolved from a garage-based operation into a multimillion-dollar business. In just two decades, Randy has achieved what most small businessmen dream of: success.

ProStar Services, now in its twenty-third year of operation, has become a major player in the office coffee service industry. Starting as a meager one-man operation, ProStar has grown exponentially, and now employs over 130 professionals.

## About Green Mountain Coffee

Since 1981, we have been roasting the finest Arabica beans from coffee-growing communities around the world, creating award-winning blends that inspire and delight the senses. Our goal is to provide you with an extraordinary coffee experience that's environmentally sound, socially just, and undeniably delicious. Each day, we take steps along this path ... and we invite you to join us on this journey. Even a simple decision, like which coffee you choose to enjoy each morning, can make a world of difference.

# Scholarship Fund

"I'm very excited that we can offer this scholarship opportunity. Our company has been fortunate to serve so many fine customers. I know we share a lot of common values. To be able to help someone further their education is a win for our customers as well as our employees. I hope you have someone who is deserving and can apply soon."

Randy Parks, President  
ProStar Services, Inc.

ProStar Services, Inc & Green Mountain Coffee® understand students and their families are faced with concerns when making the decision to attend a college or university. One of the most important concerns is financing the costs of higher education. We wish to alleviate some of the stress and ambiguities involved in this process and provide students with a scholarship to assist in their search for college funding.

The ProStar Services / Green Mountain Coffee Scholarship Fund will award ten (10), \$1000.00 scholarships to qualified candidates who are affiliated with companies currently using ProStar Services, Inc as their sole coffee service provider.

"While the college experience enables the individual to a wealth of knowledge and guidance from some of the finest teachers with a range of acumen, it more importantly develops the learning and communication skills that will enable one to not only adapt to the rapidly changing business and social climate of today's world, but hopefully to impact it in a positive manner."

Bruce Petrick, CFO
